\$1.00 off Coupon

The Firefighters' Burned Children Fund of Person County host an annual fund drive in October. Hosting out annual Haunted House, located at the intersection of Frank Timberlake Road and Cates Mill Road has had several successful years. We are asking for your assistance in this fund raising event. Proceeds from this event will go towards the items requested by the Jaycee Burn Center, travel for burn survivors to and from the Burn Center, and assistance to burn survivors to go to camp.

More than 35% of all fire and burn injuries and deaths are to children. Fires and burns are the second leading cause of accidental death for children one to four years and the third leading cause of death for all those under the age of 19. Burn injuries are emotional as well as physical, requiring many adjustments for growing and maturing children.

The worst type of burn is the one that could have been prevented. The fund works with firefighters and medical professional across the nation to promote safety and awareness. Make certain tonight that your smoke alarm works and that your family knows what to do in the event of a fire.

Monetary contributions may be given on-site or mailed to the following address:

FFBCF of Person County
PO Box 1092
Roxboro, NC 27573

Thank you for your continued support to the small citizens in our community.
